Laura,
I don't know what to write but I'll think of something. Laura, thanks for all the help you gave me about Mike. I hope after Karen leaves he'll come to me. Sometimes I think I love him but he's a fuck because he doesn't understand. It's just I could do without him upset. God do I wish I had him to myself. Well thanks all good luck with Dan & right now. I'll see you around sometime

betsy and tom help us

i'll never forget the great experiences i've had as asb president. i've learned a great deal through student government, especially about human nature.

this year both the cabinet and council have dedicated themselves to the improvement of student life at south hills. i believe we've succeeded in this and also in making the students more aware of the issues being brought before the council.

i'd like to extend my unaffected thanks to mr. maruca who did a great job of keeping my spirits up (while he fully recovered from the initial shock of a female president). mostly, however, i'd like to thank the student body for allowing me to do my best to serve you during the 1975—1976 school year.

very sincerely,

betsy hoover

asb council has worked very hard and has accomplished many things such as changing the constitution so that next year there will be three dances and three courts. they have also worked on disc (directed independent study center) where students could congregate for academic study.

their other goals for the year were to establish seating around the flag pole and to have more activities at lunch and break such as ping pong. another thing council has done is improve spirit week by encouraging the participation of the clubs; this succeeded in making it the best ever.

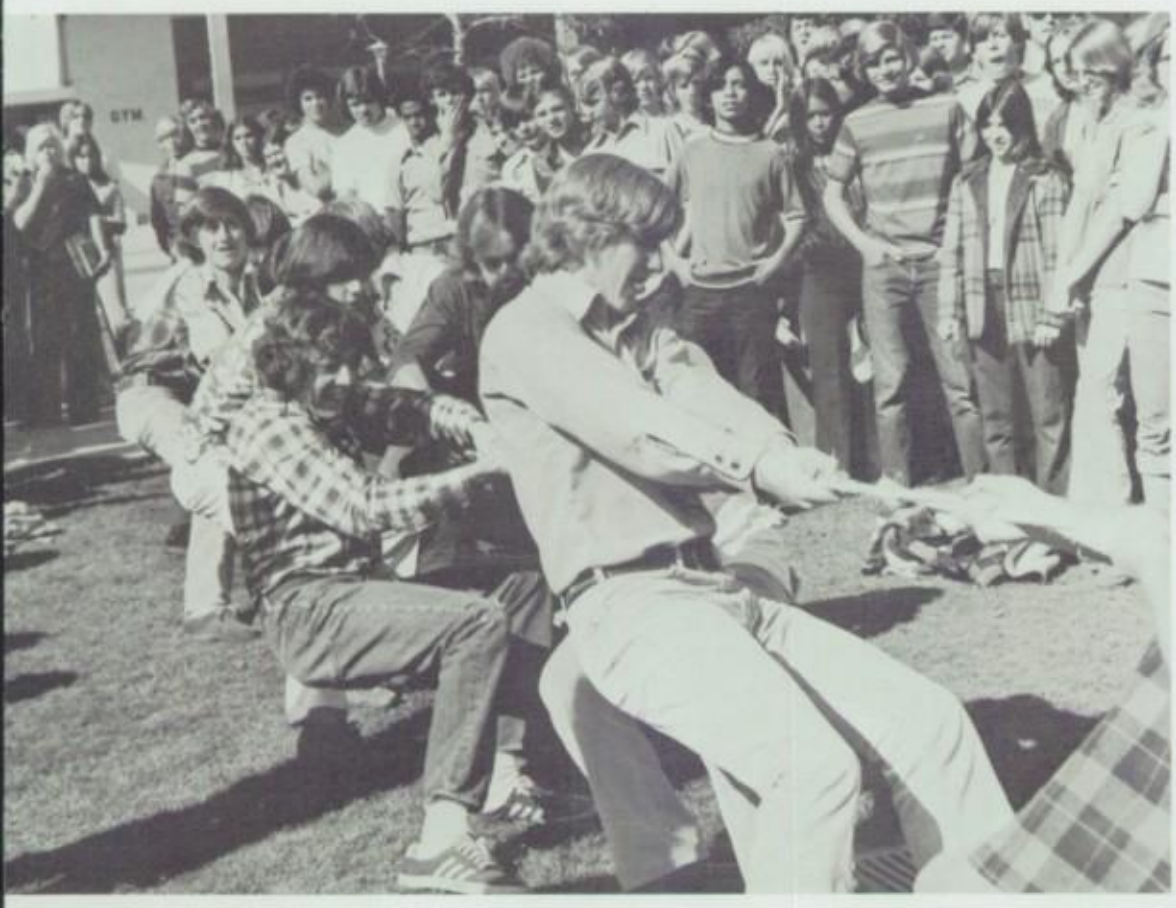
week



typical freshman!

everyone put in his share of spirit. all clubs got involved and sold things such as candied apples, halloween candy and carnations to raise money for other activities throughout the year.

class competition was especially fun. there were tug-of-war and balloon blowing contests and volleyball games. a special attraction this year was having some of the faculty in the dunking machine.

a sincere thanks to everyone who participated to make spirit week the best ever. we are young and growing more restless every day!

homecoming

the theme of the 1975-76 homecoming was "memories." the court consisted of queen nancy harding, rhonda gielen, betsy hoover, fran natale, and coreen yahiro.

the highlight of the evening came during the halftime activities of the south hills-los altos football game when last year's queen, julie head, arrived on the field with the crown that would name the '75-76 homecoming queen. red, white, and blue balloons filled the sky as nancy harding was crowned.

the dance was held in the student center; november 1 was a memorable evening for south hills students as well as alumni who attended.

the christmas ball was held at the san dimas civic complex, the setting was a large open-beam ballroom, with a romantic fireplace and a bubbling waterfall, set off by mistletoe and candlelight.

everyone was in the christmas spirit while dancing to the music of "dynasty." the highlight of the evening was the crowning of the queen, mary anne fisher, surrounded by her princesses dorie mattson, jennifer warren, madelynn penner and alysin brown.

this was an evening that we will always remember, a night when we were young and restless.

a sadie hawkins dance was held this year instead of a valentine's ball. it was sponsored by elisians and was an informal, girl-ask-guy dance. many people came which was due to the fact that it was so casual. most everyone there was in overalls, especially the guys, and many of the girls came in country-style dresses. the couples were able to "get married" and take their pictures if they wanted. punch and cupcakes were served as refreshments. the band that played was "balance." it was a memorable night for all, especially for country queen molly weegar and her lovely court.

the beautiful "queen mary"

"we may never pass this way again" was the theme for this year's junior-senior prom. the dance was held in the "great scott" room on the beautiful "queen mary" in long beach. the setting was simple but elegant, and the band, "balance," played music to fit everyone's taste.

after being served a delicious three course dinner, the couples were free to take a romantic walk on the decks of the ship.

the highlight of the evening was the crowning of the king, jon van vuren, and the queen, debbie bernal. jon and debbie were backed up by a court which consisted of princesses noreen vargas, marilyn hanawalt, terri joens, and sam rogers and princes charlie neconie, john mccoll, brian stephenson, and jeff yriarte.

the night was a great success, leaving everyone who went with many fond memories of a fantastic junior-senior prom.

"godspell" and

the fall drama production was the sentimental, comedy-drama "i remember mama". patti valentine was overall production director. the sets, designed by mr. gary skinner, were very difficult but were completed on time due to the effort of ms. diane wilson, technical director.

the spring musical "godspell" was a different undertaking for the combined music and drama departments. mrs. tanya stupin was the musical director whose expertise was invaluable in this undertaking. several dances were choreographed by mr. dom salinaro whose professional credits include dancing on broadway. ms. diane wilson executed the set design and the innovative lighting effects of mr. gary skinner. the cast did a fine job portraying warmth and kindness under the direction of ms. patti valentine. *not pictured* is jerry cox from "godspell"

varsity

for the 1975 husky squad it was a successful year, a year of team effort and outstanding individuals. picked to finish fourth in the league the '75 huskies proved the odds-makers wrong with [illegible] league co-championship, the number 1 rated team in the valley and a drive to cif semi-finals. south hills opened the season with impressive wins over rowland (26-3) and northview (42-0). next came a last minute defeat [illegible] covina (10-9), eventual co-champs with south hills. the huskies rolled on to win over covina, edgewood and glendora. the los altos game proved to be the most exciting game of the year with a 28-24 victory in the last 40 seconds of the game. the excitement was provided by the passing of jeff yriarte and the heroics of versatile jon van vuren. led by outstanding seniors and all-league picks fred andary, bill sheehan, frank dunton, keith rodda, tom katsaros, john mccoll and don christy the huskies next recorded easy wins over la puente and wilson in league and st. francis, westminster, and kennedy in tough cif competition. in a hard fought semi-final game the huskies were stopped in their bid to repeat as 4a cif champions by st. paul ending with a score of 12 to 7.

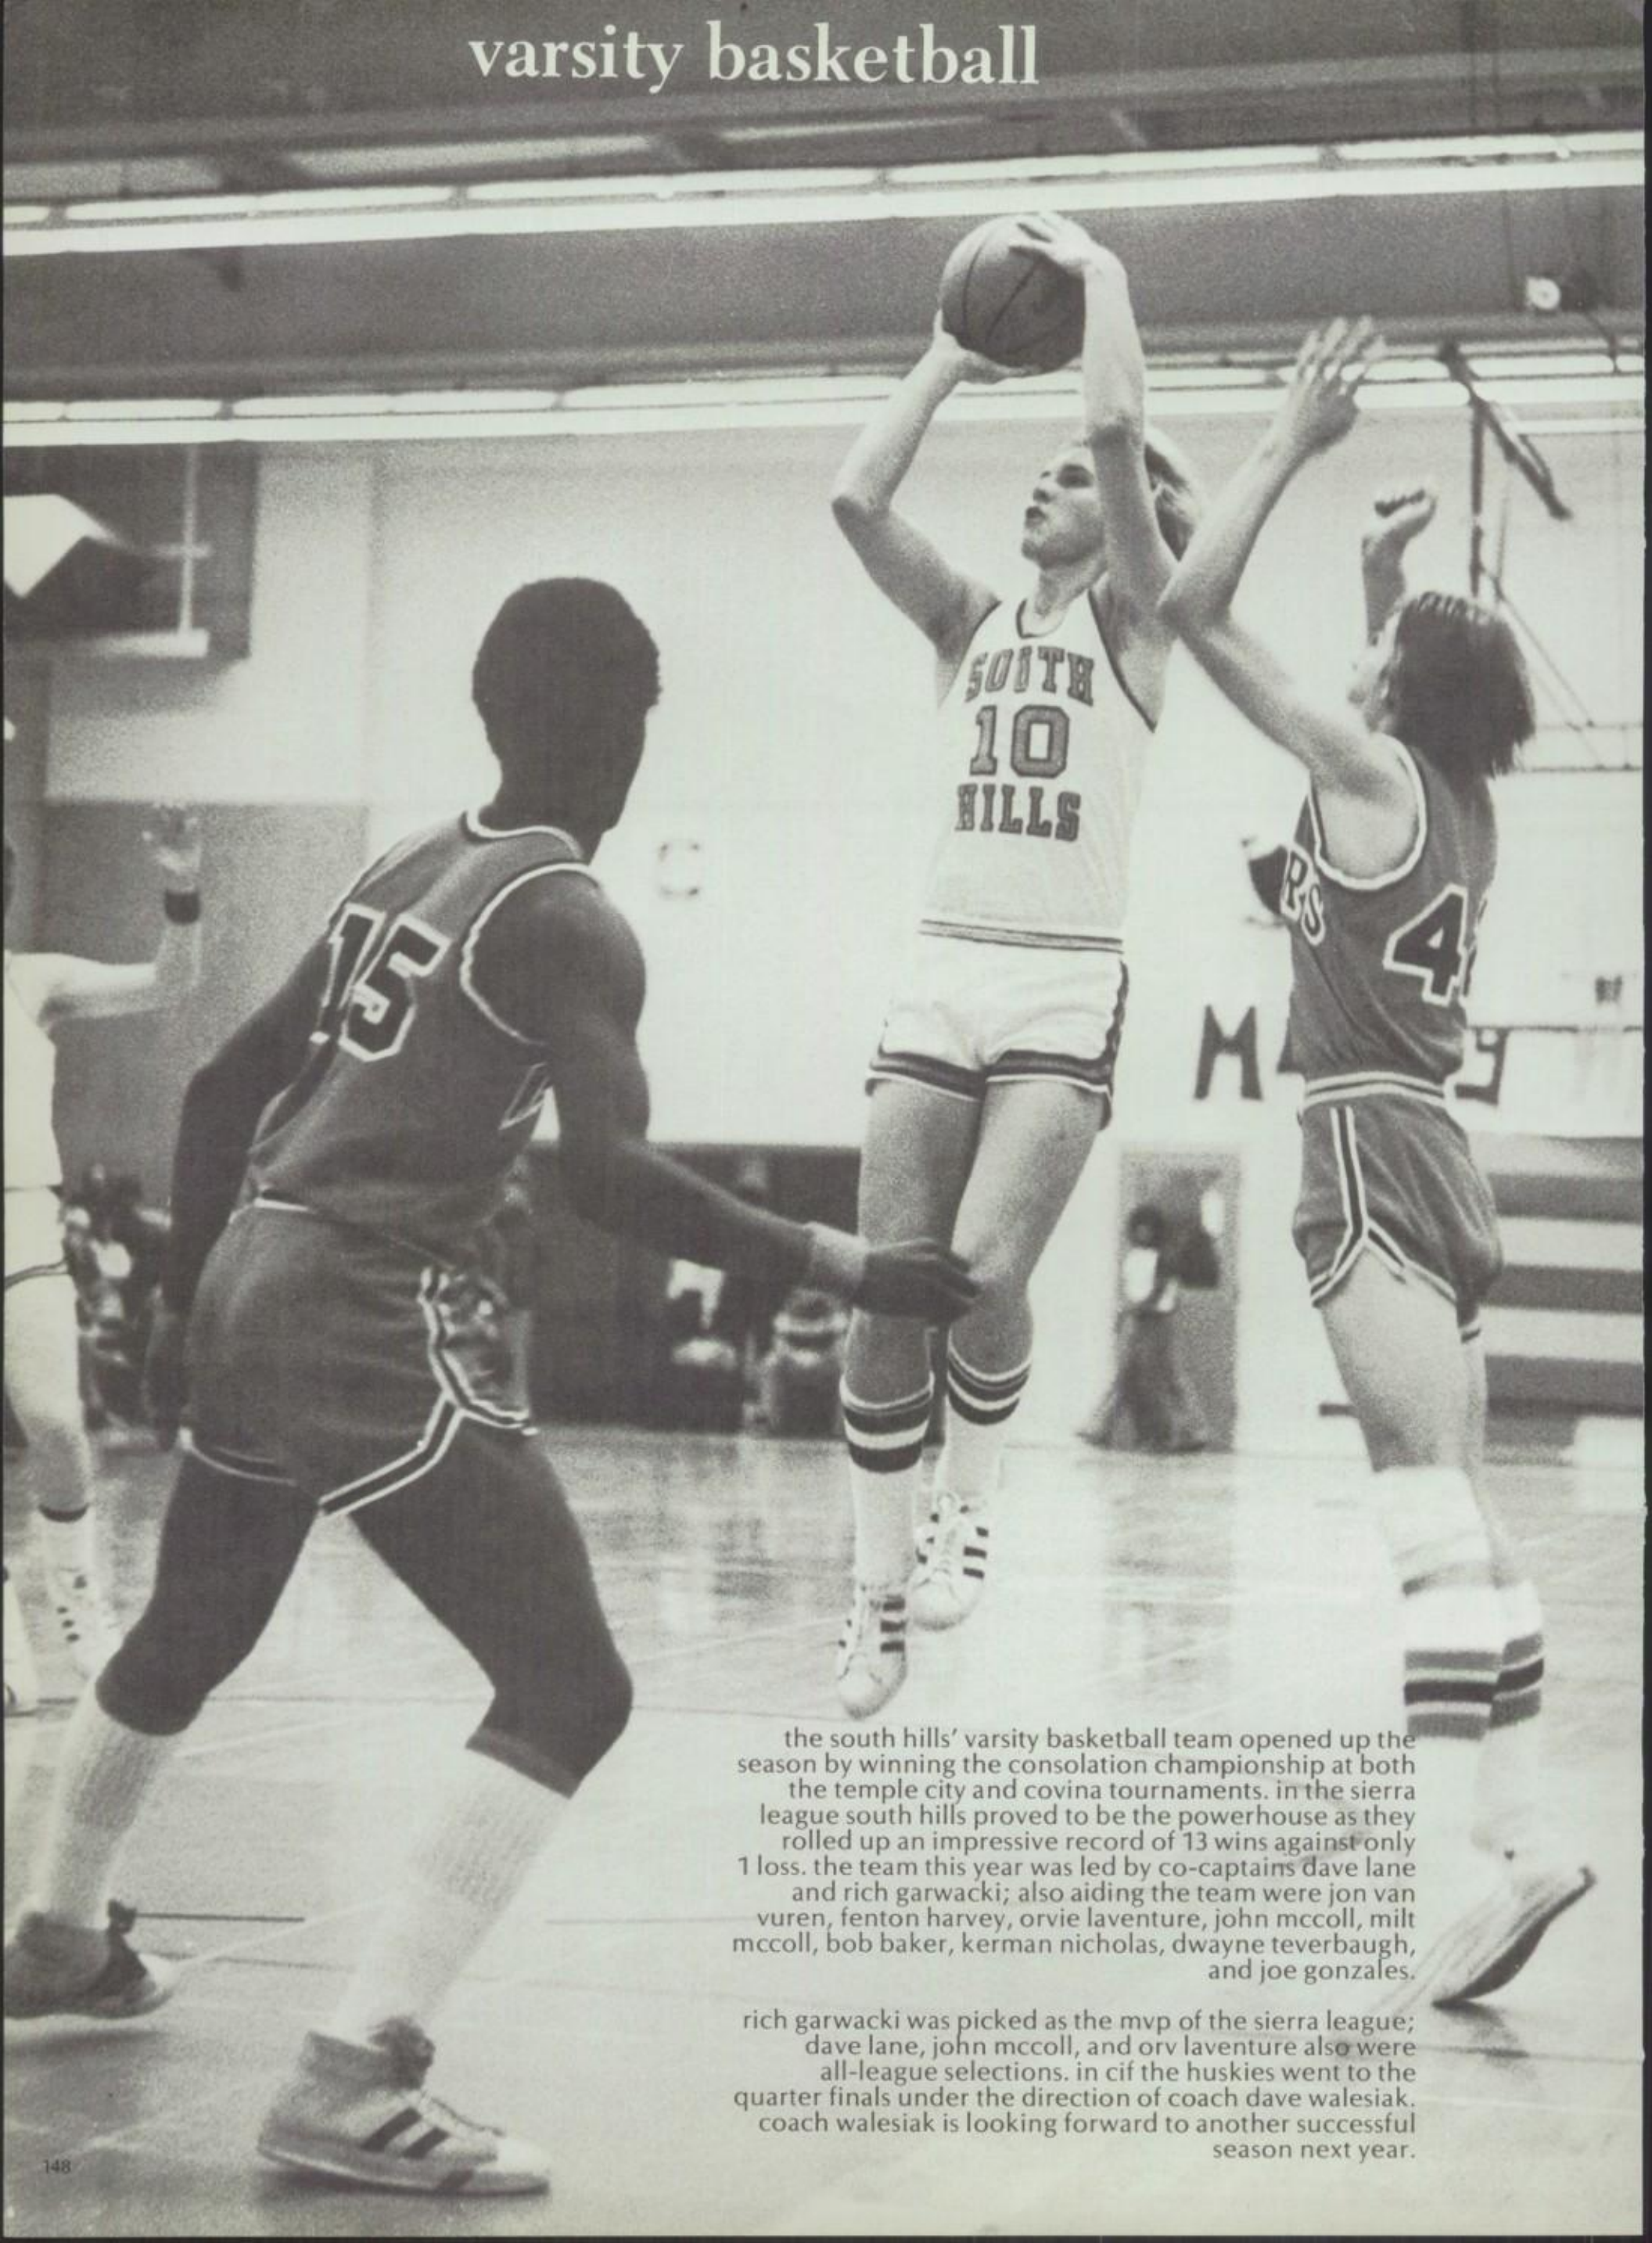
varsity basketball



the south hills' varsity basketball team opened up the season by winning the consolation championship at both the temple city and covina tournaments. in the sierra league south hills proved to be the powerhouse as they rolled up an impressive record of 13 wins against only 1 loss. the team this year was led by co-captains dave lane and rich garwacki; also aiding the team were jon van vuren, fenton harvey, orvie laventure, john mccoll, milt mccoll, bob baker, kerman nicholas, dwayne teverbaugh, and joe gonzales.

rich garwacki was picked as the mvp of the sierra league; dave lane, john mccoll, and orv laventure also were all-league selections. in cif the huskies went to the quarter finals under the direction of coach dave walesiak. coach walesiak is looking forward to another successful season next year.

this year gino buccola was one of the top wrestlers. he lead the way with 23 wins and 3 losses and captured a fifth place in cif competition. great skill and ability were also shown by the rest of our wrestlers. tom kuramata and keith rodda qualified for the cif prelims. together the matmen made winning look easy and had a successful year.

determination was the key reason for the success of the south hills' gymnastics team in 1976. with a new coach, mr. lee, the gymnasts worked hard in coordinating their efforts and achieving great performances.

gymnastics involves many hours of practice. the gymnasts must be able to tumble over backwards and perform strenuous tricks. one of the hardest events is the sidehorse, yet the horizontal bars and rings require great determination. the parallel bars are also vigorous with handstand presses and flips being the most difficult to achieve.

many of the boys returned this year to carry the team's greatest strength. they provided the examples for the first year participants and set the pace at many of the meets. because of this, the gymnastics team stepped into the top-rated category.

varsity track

the 1976 varsity track team, under the coaching of bert rapp, once again proved to be tough competition in the sierra league. carried mainly by the field event team, the huskies hoped to better last year's three-way tie for second place in the sierra league. shot putters tom katsaros and mitch church, pole vaulters bill jones and jerry hoffman, high jumpers rich garwacki and kerman nicholas, and long jumpers ken penner and jon van vuren proved to be key members to the best field event team in the history of south hills. in the distance events the harriers showed much strength with senior brian stephenson often running all three distance events, yet they lacked the depth necessary for league contention.

the sprint-hurdle team also proved strong this year. instant sensation tim johnson replaced top prospect steve johnson, who missed much of the season with a hamstring pull, in the 100 and 200 yard dashes, while hurdle specialist ken penner dominated hurdle competition while also running both relays.

i'd like to extend special thanks to mr. john thomas, our representative from american yearbook company who was always there, helping and answering questions; kundrath studio, mr. and mrs. bud kundrath, kelley, art, rodger, and jon, who spent a great deal of time scheduling, taking, developing, and printing the numerous pictures we needed; and mr. kevin tassie, owner of plaza pets and plants in the montebello plaza, formerly in the west covina fashion plaza, who generously let us borrow his husky puppies.

thanks go to mr. charles maruca, mrs. dorothy fertala, and mrs. thelma wylie who gave extra help whenever needed, supervised yearbook sales, and kept financial records. i also wish to thank the hard-working neomega staff, especially the staff photographers, john french, bruce beckhart, and mike medley, whose originality and creativity can be seen in the stand-outs' pictures and who worked many extra hours after school printing pictures in order to meet deadlines.

i would like to give an extra-special thanks to miss claudia boyd, yearbook advisor, who was always ready to answer a question, discuss a problem, and lend a hand, whose infinite patience and lack of hysteria guided me through the year.
